NEWS ABOUT EAGLEMOSS HERO COLLECTOR

We're writing to you because you were an Eaglemoss or Hero Collector customer. That company went into bankruptcy last year. Master Replicas has now taken over many of their projects and will be making their products (and others) available for sale very soon.

We will also be working with other partners to offer you more science-fiction, super-hero and fantasy collectibles. GDPR regulations mean that in order to email you about this again we need you to sign up to a new mailing list.

Don't worry, you will be able to unsubscribe at any point.
